6CI-7.051 Academic Affairs; The University Record

(1) In addition to operational rules published in accordance with Chapter 120 of the Florida Statutes, the University publishes the University Record Series, consisting of the Undergraduate Catalog, 2000-2001 academic year edition; the Graduate School Catalog, 2000-2001 academic year edition; the Holland Law Center College of Law Catalog, 1999-2000 academic year edition; College of Medicine Catalog, 1999-2000 academic year edition; the College of Dentistry Bulletin 1999-2000 academic year edition; the College of Veterinary Medicine brochure entitled "Information for Applicants to the College of Veterinary Medicine", dated July 1999; and the Department of Independent Study Catalog, September 1999. The University Record Series establishes and reflects admission and degree requirements within the University. In addition, the Record contains general information regarding the University and the University community, curricula offerings and facilities available to students, faculty and staff of the University. The Record also contains the academic calendar as set by the University within the general guidelines of the Board of Regents.

(2) Pursuant to State Board of Education Rule 6A-10.0331, F.A.C., courses which are not taught for five (5) years shall be deleted from the University Record Series except as otherwise provided herein. As part of each year's preparation of the University Record Series, all courses not taught during the preceding five years shall be reviewed by the respective college deans to

determine whether those courses should be retained. Courses may be continued if reasonable cause for each course not to have been offered is presented by the appropriate college dean and an expectation that it will be offered is justified to and approved by the Office of Academic Affairs.

(3) Those portions of the Record which are not included in a specific rule published in the Florida Administrative Code are hereby promulgated as the rules of the University. Rules published in the Florida Administrative Code take precedence over any conflicting provision of the University Record Series.

(4) Copies of those portions of the University Record Series in which a person is interested can be obtained by writing to the Registrar, University of Florida, Criser Hall, Gainesville, Florida, 32611. Because of the diverse nature of the University, requests should specify that particular portion of the University Record Series in which the inquirer is interested.
